A.J.C. PRINZ SUIT REPORT - EVIDENCE BARRED - JURY DIRECTED TO ASSESS DAMAGES "FOR LACK OF PROOF"

* * *

The American Jewish Congress Prinz trial was intended to be the final knock-out blow to Common Sense, and indirectly, to all those informed patriotic Christians who dare occupy the front lines in this battle to expose the Marxist world plot. Two years ago the American Jewish Congress caused its active National Vice President, Rabbi Joachim Prinz, of Newark to bring suit against me for \$250,000. The trial lasting eight days ended Thursday, March 31st, with a judgment rendered against me for \$25,000 punitive damages and \$5,000 compensatory damages.

We now fully appreciate the obstacles thrown in Senator Joseph McCarthy's way in his efforts to prove his charges. There is much to be said with reference to the trial. For certain obvious reasons, some things must be left unsaid for the moment, but later on we will inform our readers and, I assure you, it will be interesting reading. The Rabbi stated there are ninety thousand organized Jews in Essex County where the trial was held. Soon all will know if the Zionist organization, American Jewish Congress, has been successful in destroying its most effective opponent, "Common Sense".

Among other things, Jerome Eisenberg, attorney for Rabbi Prinz and New Jersey Chairman of the Committee of Law and Social Action of the American Jewish Congress, stated in his charge to the jury that he wanted a "stiff judgment", not only to stop McGinley but also a thousand other McGinleys.

The American Jewish Congress is a Zionist organization with a very Red record. The American Jewish Congress has gone on record as opposed to the Loyalty Oaths and has demanded that the Un-American Activities Committee be abolished. They have gone into the courts to abolish the Christian Bible in the schools and have opposed the McCarran-Walters Immigration Law. They have many contacts with Marxist and Communist organizations. They have supported the Communist Party's actions in courts. More than two hundred of their officers and most active members have been cited with Communist front connections. Forty Rabbis, who are now or have been affiliated with the A. J. C., have been cited with Communist Front connections. This includes the President, Rabbi Israel Goldstein, who has twelve Communist front citations. These are the Zionists who are out to rule the world. The three attorneys handling the case for Rabbi Prinz are: William Maslow of New York, chief counsel for A. J. C.; Philip Baum of Brooklyn, attorney for A. J. C.; Jerome Eisenberg of Newark, who is New Jersey head of Committee for Law and Social Action, a Division of American Jewish Congress.

The uninformed reader will have difficulty in understanding why it is necessary for this Zionist organization to have a Division for Law and Social Action. This is a "snooper" detective organization, much like the Anti-Defamation League (Jewish Gestapo) branch of B'nai

Left to Right: John Foster Dulles, Winston Churchill, Bernard Baruch, and Winthrop W. Aldrich. On Churchill's last trip to the United States he stated that he was a Zionist and has been since the Balfour Declaration. Baruch, the elder "statesman" has been the guiding light for international Marxist Jewry since "advising" Woodrow Wilson into World War I. Dulles faithfully carries out the orders of World Jewry while Winthrop Aldrich fills a similar role.

Statesman or Conspirator? The Hour Of Decision

Who is this publicity-built Bernard Baruch who has dexterously managed to impose himself on Presidents as an authoritative political, economic and military counsellor over a period of more than a score and ten years? Is he now taking advantage of his acquaintance and pretended sincerity to make our President appear to be a "puppet" of a secret cabinet of international conspirators of which he is said to be the hidden or concealed power?

Seldom in the history of America has a President been expected to cater to any one individual or his agents the way Eisenhower has been required to respond to a demand or entreaty made directly or indirectly by Bernard Baruch.

Baruch always has appeared to a discerning people to be more interested in global affairs than in the economic stability of our government and political rights of American citizens. He has succeeded in injecting himself into every administration since 1916 as an advisor on domestic and international policies. He has proffered advice freely and quite often effectively, even though seldom invited to do so. He has always been in favor of scattering American assets and influence over the world. The adoption of a few of his recommendations during the period of his influence has all but bankrupted the United States financially, morally, ethically, diplomatically and politically. He has recommended "give away" programs and confiscatory taxation of everybody and everything. A representative type of government seems to be obnoxious to him. He has repeatedly clamored for the enactment of mobilization laws to achieve a regimentation of our economy under which citizens would be ruled by obstinate and sinister personalities instead of being governed by our Constitutional and enacted laws.

His public and press relations staffs have tried to establish him as an "Elder Statesman." His reputation as a patriot certainly cannot be said to be based on anything he has done or is doing to safeguard the sovereignty of the

On March 31st a judgment was entered against Conde McGinley, editor of "Common Sense", for \$30,000.00 for alleged libel in the case of *Prinz v. McGinley*. Our readers will recall that this suit was started about two years ago by Rabbi Joachim Prinz of Newark, N. J. at which time he was quoted for publication as stating: "Its about time this scurrilous sheet was put out of business."

Prinz complained of part of an article which designated him by a name, among other things, the principal subject of the article having been the ever Frontering American Jewish Congress, of which Prinz was then active Vice-President. The A. J. Congress had supported a scheduled talk by a notorious Red, Mary McLeod Bethune and opposed action taken by the Englewood, N. J. school board to postpone it.

Prior to the trial, a full investigation was made of Rabbi Prinz, who, incidentally, came to this Country from Germany in 1937 on the invitation of Rabbi Stephen S. Wise, a founder of the American Jewish Congress and its President until he died a few years ago. Wise was one of the Red leaders of the United States, having participated in the activities of such organizations as the American League Against War and Fascism, which was dedicated to Communist treason and the overthrow of our American form of government.

Although a representative American jury was chosen to try the Prinz libel case, it never had a chance to decide whether two of the organizations making up the American Jewish Congress had been cited by the Attorney General of the U. S. and by the House Un-American Activities Committee, this in the face of the fact that Rabbi Prinz had been, at the time in question, Chairman of the American Jewish Congress

Administrative Committee upon which representatives of the two components sat.

Mrs. Elizabeth Dilling Stokes, who has written, studied and lectured for 24 years on Marxism, Communism, Zionism, Socialism, and allied movements, was not permitted even to define what these movements entail, and was also barred from testifying about the activities of the American Jewish Congress, and the affiliations of its officers including Rabbi Wise, or the activities of Prinz himself.

Mr. Benjamin H. Freedman, a widely-known expert on the same subjects, who has been consulted by the U. S. State Department and other agencies as an expert, was barred from testifying, also.

Although it was charged by Prinz that McGinley hated all Jews, some issues of "Common Sense" containing articles written by persons of Jewish birth were barred.

McGinley was charged with a hatred of all Jewish religious leaders but was not permitted to show his dislike of Talmudism, to demonstrate that Prinz is a Talmudist, and also to show the criminal nature of this "Bible of Judism", despite the fact that the volumes of the Talmud stated under oath by Prinz to be complete and accurate English translations were available in the Court to be shown to Prinz and to be offered in evidence.

Rabbi Prinz was permitted to expound at length as to his views on Zionism, Communism, Socialism, and other movements, but no substantial refutation of his statements was permitted to the defense.

Defense counsel worked under the handicap of a Courtroom constantly packed with voracious and predatory-looking Jews waiting to see the editor of "Common Sense" saddled with a huge judgment.

The jury retired to deliberate shortly before the lunch hour and did not return to the Courtroom until nearly 4:00 P. M. Four or five jurors held out against the verdict rendered almost to the end, despite the fact that *no lunch had been served to any of them*. The jury was nevertheless split, 10 to 2, on its verdict (in New Jersey a 10-2 verdict, rather than a unanimous one, is legal), and the two dissenters who held out despite their empty stomachs, vibrated the Courtroom with their "NO" to the query by the Clerk as to whether the verdict rendered had their approval.

Mr. McGinley's attorneys advise that the case should by all means be appealed to a higher Court, with the aim of reversing the verdict and securing a retrial.

YOUR HELP NEEDED!

The editor of "Common Sense" knows that many hundreds, of Christians sent up prayers to Heaven that his cause might emerge victorious in the Prinz suit. It is no doubt disconcerting to many that victory was temporarily denied. However, "God works in mysterious ways His wonders to perform", and he is certain that the cause of Christianity and Americanism will prevail in the end.

But this ultimate victory will not be possible unless the friends of "Common Sense" rally to help the cause and make an appeal in the case possible.

Court costs, expenses and even minimum attorneys' fees are a staggering item. McGinley's attorneys are already owed a large sum of money which lack of any funds has made it impossible to pay. The costs of printing the voluminous record and briefs and other costs of an appeal will run into many thousands of dollars. **NO FUNDS WHATSOEVER ARE ON HAND FOR THIS PURPOSE.**

The editor of "Common Sense" has put everything he owned into his battle for Christianity and Americanism, and has served without salary for nine years. He has no assets except his determination and resolve in the cause to which he has dedicated himself. It is up to the little people who are the friends and readers of "Common Sense" to help in this crisis. Our enemies spread the rumor that we are supported by wealthy people. **WE HAVE NOT ONE BIG SUPPORTER OR CONTRIBUTOR TO STEP IN AND HELP US.**

WILL YOU AID US?

Send in as much as you can — TODAY — to the Christian Defense Fund For Conde McGinley, Box 807, Union, New Jersey.

The enemies of Conde McGinley's cause anticipate victory because they believe they control all of the means of silencing the voice of truth. This entire case is based upon destroying Common Sense and as much was admitted when Rabbi Prinz testified that he had no actual damages. Furthermore, Jerome Eisenberg, the attorney for Prinz, stated in open Court that this was not only to stop McGinley but a thousand other McGinleys. If Mr. McGinley's readers expect him to carry on through an appeal and possibly a new trial then they will have to indicate as much by backing him up with as much financial support as possible.

Join the battle for justice and the continuation of Conde McGinley's fight for you by helping him in his crisis hour—a crisis hour for all Christian Americans.

THE TIME IS NOW

There is a time for all things, a time to preach and a time to pray; and there is a time to fight and that time has now come. May the God of Hosts be with us!

The above statement was delivered by Rev. John Peter, Gabriel Muhlenberg, Woodstock, Virginia, Sunday, Jan. 14, 1776.

UNDER COVER AGENT

By VERNE P. KAUB

Ralph Lord Roy, whose name appears on the despicable smear book, *Apostles of Discord*, as the author, has launched a new scheme for smearing American patriots, particularly those who are Christians and hold to the basis of New Testament teachings.

Sponsorship of Roy's book venture never has been completely explained. The completely discredited Unitarian preacher, Leon Birkhead, claimed that this book, like *Under Cover* actually was written by members of the staff of Friends of Democracy, a Communist-loving outfit which he headed for many years. Publisher of the book, Beacon Press, is the official Unitarian Publishing House. The book was advertised out of all proportion to possibility of sale. It has not been disclosed who paid for this advertising — certainly it was not the publisher.

Now, Roy and one Paul A. Carter have set up a "study" which they frankly admit is financed by Fund for the Republic, Inc., which in turn is subsidized by the Ford Foundation. Presumably the sponsors feel that this is a reputable sponsorship; a great many people will disagree.

A letter first appearing in *The Christian Century* for February 23, 1955, asked for documented evidence of Communist infiltration of the churches and general data on the Social Gospel as it relates to the foregoing, or "(2) Examples of false and irresponsible charges of Communist influence on religion in America."

Of course Roy is merely trying to get suckers to write to him; he then will supply them with poison propaganda or smear them. It is significant, many think, that he wants documentation of Communist infiltration, but does not ask proof or documentation of claims of false charges. The foregoing should be warning enough that another smear effort is in the making.

REPORT ON A. J. C. PRINZ TRIAL

B'rith and has more than two thousand snoopers and spies which operate from their twenty-six offices in twenty-five states. These are the groups operating like cock-roaches in the dark, intimidating eleven printers over a period of nine years, into discontinuing the printing of **COMMON SENSE**.

Here in the United States, where our Government has never fallen, the majority of citizens have no fear of our Country being taken over and do not fully understand how Governments have been broken down by Marxist termites and half the world's population put under slavery to so-called Communists. all in thirty-seven years. The trend to take over the world, one piece at a time, is moving forward with direction and cooperation of people in New York and Washington who have been placed in key spots by the Invisible Government.

Millions of dollars are spent each year in propaganda, labeled "brotherhood and tolerance" in efforts to smear patriotic Christians as "HATE GROUPS". In this way, the busy, average citizen is indifferent or confused while the intensely organized Zionist Marxists carry out their plot like a football team following signals. Many Catholics and Protestants, alike, are fooled into helping bankrupt and break down our Government. Lenin said, "for every Communist, there are ten others willing and able to do their work".

It is not hazardous or unprofitable to just fight Communism. A number of prominent, so-called Anti-Communists are making much money speaking and writing, too mercenary to name the cause. Those of us who haven't taken Post-Graduate courses on this question and now disregard the symptoms and expose the causes, regardless of smear and attack, receive our pay in the consolation of trying to follow in Christ's foot-steps when he exposed the Pharisees.

"Jesus said unto them, If God were your Father, ye would love me; for I proceeded forth and came from God; neither came I of myself, but he sent me. Why do ye not understand my speech? even because ye cannot hear my word. Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." (John 8:39-44)

At the top of the first page of the book "The Pharisees" Rabbi Louis Finkelstein states "WE ARE THE PHARISEES."

Many, who know me for years, know that I have given full time for more than nine years without any salary and have put in \$26,000 cash. This trial is the worst of a series of attacks—it is easy to give in and say I did my best and go back to making money and let others try to stop the trend, but is it the honorable thing to do? I am praying, and my loyal friends over the United States are praying, for we know it is not necessary to beat down every alert citizen in the U. S. All that is needed is to destroy those who put the spot light of exposure on the cunning brains of the Invisible Government Fifth Column.

The main objective of smears, engineered by Zionists, is to cut off financial support knowing that we have built up a large efficient, information machine which cannot run without money. Pre-trial hearings for the trial have been going on for a year and a half. We had three attorneys and while we do not know the cost of the trial itself, it appears, the total cost so far is about \$14,000. Much of this is not paid and we now face cost of Appeal about \$3,500.

If you want me to continue on in this educational Crusade, please stand by me with your prayers and strong support at this time. If you will, I pledge to follow the slogan I adopted before leaving Texas: "Where others give up is where I get my second breath". As long as we feel this work of exposing the enemies of Christianity is pleasing to Our Lord Jesus Christ, let's not back up one inch. Please help me stay in the battle.

Sincerely,

CONDE MCGINLEY

Statesman or Conspirator?

—(Continued from Page 1)—

United States. He has surrounded himself with a coterie of obedient stooges who respond to his every 'beck and call'. He and his associates or collaborators have acquired control by purchasing outright or loaning money of leading magazines, newspapers, press services, radio and TV networks. A majority of otherwise able publishers, editors, columnists, writers and commentators have been duped, deluded or deceived until each receives a cue that signals a policy of conformity to a uniform pattern as distinguished from diversity of opinions on issues from day to day. The influence of the publicity media controlled by Baruch and his associates reached its peak in 1953 and has deteriorated rapidly since so many people have been alerted to the stereotype method of slanting news and reports.

Baruch may be entitled to respect as an "Elder Citizen," but certainly has not merited honor as an "Elder Statesman." Let's review the strategy and maneuvers of the super-phony statesman who is being hailed so gloriously and magnanimously by his disciples or his duped, obligated or deceived acquaintances, as well as a very articulate assortment of self-styled liberals, fanatical social reformers, left-wing editors, writers, columnists and commentators, regardless of what now appears to have been intended as a concealed or obscure record of the duplicity and complicity which are not characteristic of a patriot whose first loyalty is to the United States of America:

1. Does Baruch think that Eisenhower is permanently indebted to him for coming to France and suggesting that he should run for President?

2. Was our President supposed to be further obligated after being told that Baruch visited Churchill and told him that Eisenhower would be the next President?

3. Who helped write the first radio speech after Eisenhower had been nominated in which he acknowledged the congratulatory message Baruch had given to newspapers by saying, "I hope the ten points I have just made will be satisfactory to the great statesman, Mr. Baruch."

4. Reminded by the press and public relations advisors foisted on him of Baruch's winter home in South Carolina, Eisenhower, while speaking in Columbia, South Carolina, said, "I pay tribute to the great statesman, Bernard Baruch."

5. The Los Angeles Examiner of August 6, 1952 reporting a speech by Eisenhower, made in Los Angeles that day, quoted Eisenhower as saying: "For many years I have sat at the feet of Bernard Baruch and listened to his words of wisdom."

6. Who reported to the press and radio that Eisenhower attended a secret conference at the Baruch home instead of his headquarters at the Commodore Hotel on his return to New York after the convention?

7. Baruch, publicized by press and radio as a world statesman, is reported to have been the one who advised Churchill to come to America even before Eisenhower was inaugurated.

8. Who sought to build up Baruch's importance and influence by announcing that Eisenhower attended three different conferences held at Baruch's home rather than the President's headquarters at the Commodore Hotel during and after Churchill's visit?

9. Why did Baruch's press agents let it be known that Eisenhower was present when he entertained Eleanor Roosevelt and John Foster Dulles in his mansion one afternoon during Churchill's visit?

10. Why did Baruch's press agents try to make it appear that Eisenhower spent more time at his home than at the Commodore Hotel during the visit by Churchill?

11. What is the source of the power wielded by Baruch and his associates in exerting a dominating influence on any incumbent President?

12. Did the President ignore the promises to oust the Roosevelt-Truman clique and accede to Baruch's request that John Foster Dulles, Bedell Smith, James Conant, Winthrop Aldrich, Henry C. Lodge and many other New and Fair Dealers be retained or reappointed?

13. Why should the President ignore his Cabinet as well as the chairmen of Senate and House Committees in favor of counsel with Baruch or his representatives on international as well as many domestic issues and plans?

14. Why did the President and Dulles reverse their decision and return our representative to the Geneva Conference after a secret meeting between Baruch and Churchill?

15. Why was Dulles required to visit the New York headquarters of Baruch during and/or after the second Geneva Conference?

The above picture illustrates the reverence due to the U. N. flag. It is suggested that every patriotic American should purchase a U. N. flag for the purpose depicted above.

16. Why did the President accede to the requests and demands made by Baruch and/or his associates for appointment of their dupes and stooges to so many positions not only in our diplomatic, military, justice and executive departments, but also to our weapon development installations and foreign service agencies and commissions?

17. Why has Baruch and/or his cohorts persisted in their efforts to stigmatize and persecute the chairmen and members of the Congressional committees which have been trying to prevent the formation of an effective conspiracy for destroying our government?

18. Was Baruch and/or his collaborators responsible for authorizing Morgenthau to send our engraving plates to print millions of dollars of our paper money in Germany?

19. Why did Baruch and/or his stooges object to MacArthur's plan for achieving victory in Korea?

20. Why did Baruch and/or his followers prevail on Truman and Eisenhower to replace MacArthur and other officers experienced in the Asian area with men who had been indoctrinated or compromised by the conspirators in the European field?

21. Why do Baruch and/or his clique now admit that the Korean police action should have been pursued to a victory rather than a stalemate?

22. Why were Baruch and/or his underlings successful in getting the United States to spend billions of dollars to build air bases in countries and places where the U. S. and her so-called allies cannot defend them?

23. Are we going to continue a policy of sacrificing the youth of America by engaging in sporadic efforts here and there only to abandon billions of dollars in war supplies to people who are presumed to be our enemies?

24. Is the policy of America to be determined by the U. N. and the fighting done almost entirely by the Armed Services of the United States?

25. Has Baruch succeeded in convincing the leaders of other nations that he has masterminded, directly and indirectly, the policies of the Eisenhower administration to date?

26. Is Baruch the leader of the international-

alists who planned and are striving to establish the United Nations as the supreme governing body of the world?

27. Are the members of the Senate and House, the Cabinet, as well as the executives and administrators of government agencies and bureaus of the opinion that Baruch is the "real" President and that he and his supra-national cabinet are and have been formulating the Eisenhower program?

28. How much longer can Baruch and his associates pursue their conspiracy to undermine the confidence of the public in our Congress for the purpose of establishing an executive type of dictatorship under which all authority would be vested in the President and our government administered by appointed instead of elected men and women?

29. Is it too late to get the American people to abandon their lackadaisical, carefree and indifferent attitude, exhibit an interest in government at all levels and a devotion to lofty moral and ethical ideals with zeal enough to retrieve, restore and preserve our Constitutional rights to religious, political and economic freedom and security?

The day for exposing and discrediting Baruch and his obvious as well as undisclosed associates and collaborators is rapidly approaching. A series of events will transpire with increasing frequency during the next few months which will result in a widespread demand for adherence to the principles of our Republic and the restoration of a mutuality of confidence and respect between the Legislative, Judicial and Executive Departments of our government.

SUGGESTED PROGRAM FOR EXTERMINATING COMMUNISM MARXISM INTERNATIONALISM

in the U. S. A.
by MARILYN R. ALLEN
Salt Lake City, Utah

The following suggestions are designed to rid ourselves of COMMUNISM - MARXISM - TROTSKYISM, home-grown variety, and their stooges and fellow-travellers in the United States, without doing too much violence to the First Amendment, which guarantees the right of free speech and free press to ALL the people — not merely to the Organized aggressive Minorities, whose hate-filled propaganda overflows the Land.

1. Legally outlaw Communism - Socialism - Marxism - Zionism - One-Worldism - UNism as treason and subversion of the CONSTITUTION of the United States; because all these isms work together and are now known to be not merely harmless ideas, or even bona fide political parties — but parts of an implemented plot and plan, world-wide, to sabotage the Sovereignty and Freedom of the American People by overthrowing our Government as presently constituted.

2. Withdraw immediately recognition of both Bolshevik Russia and Zionist Israeli until both have learned to behave as civilized states: and until their nationals and catspaws cease to agitate, organize and collect large sums of monies in the United States for their own ulterior purposes. Compel them and their organizations to cease and desist from promoting anti-Constitutionalism and anti-American Nationalism in the U.S.A.

3. The American People should demand that the Administration and top echelons of Government go all-out in publicly endorsing genuine CONSTITUTIONAL AMERICANISM, and in practicing it. They should demand that those in charge of Government hire or appoint only such as are known to be AMERICAN NATIONALISTS, to patronage and other positions of trust. These must be men of wisdom, honor and integrity, who will faithfully honor their oath of allegiance to the AMERICAN CONSTITUTION. The past three Administrations have followed the exact opposite in endorsing and appointing Internationalists; men of low degree, low morals, low integrity, little intelligence, and spurious patriotism. Such action on the part of the American People naturally necessitates that they themselves possess some knowledge of CONSTITUTIONAL AMERICANISM — or is it "too difficult" to study their Charter of Freedom — the Constitution? It is because of their ignorance, that they have been so easily led into treason and subversion. "Eternal vigilance is the price of liberty."

4. The American People should demand that the Administration (of whatever party label) and all top echelons of Government denounce publicly the philosophy of One Worlders, Internationalists, UNers, World Federalists, Zionists, and every other such subversive ism as being anti-constitutional and inimical to our national interests; and expose them wherever found. This means a reversal of the policy of the past 20 years.

5. The American People should demand that, instead of the numerous foreignist boondoggling bureaus which exist in Washington, D. C., there should be created a BUREAU OF AMERICANISM, and/or of American History and Education, staffed with genuine American experts, for the express purpose of seeing to it that our schools and other institutions throughout the Nation, are as ardently propagandized and informed on THE AMERICAN HERITAGE, and the PRINCIPLES incorporated in our Declaration of Independence and our Constitution, as we have been and are now, flooded with Marxist Foreignism, UNism and One Worldism. And in this connection, it should likewise be made known that these high Principles and the World's finest and freest Representative Government to date, were solely the product of the genius of the WHITE RACE in America. No other race or people is primarily and fundamentally responsible for this inspired Government, Constitution, and Republic except the White Race. Do we want to survive as a free White Constitutional Republic, or not? If we do, then such a program, such a revitalizing or Renaissance of AMERICAN NATIONALISM is absolutely imperative.

6. It must be made plain by our public officials, commentators, writers, columnists, etc. as to WHO were (and still are) the originators, sponsors, financiers and ardent promoters of Communism-Socialism-Marxism-UNism, and Internationalism. There is only ONE such organized group in all the World: and it

is not the White Christian Race. This fact — thru fear and cowardice — our officials do not care to publically recognize. Why be so scared of this Minority? Just stand up to them boldly, with the same spirit and Courage our early forefathers would have shown, and you will see how quickly they will retreat. Fear never accomplished anything. No nation can survive if it does not recognize its internal enemies — the Trojan Horse within.

7. The present policy of permitting our humorously-called "free press" to be slanted, silenced, controlled and censored by this same Trojan Horse within HAS to be exposed and stopped.

8. The same Conspiracy of using the press, and all other media of communication, to smear and persecute upright Constitutional American Patriots must be exposed for what it is — slander and treason. The POWER behind this Conspiracy — the Jewish Anti Defamation League (secret police) — is an Iron Curtain activity, and must be put out of business as a violation of U. S. Conspiracy laws.

9. A basic course in Constitutional Americanism and true American History, in ALL schools, must be made mandatory.

10. Probably no one should be allowed to VOTE unless he or she can produce proper certification of his understanding and adherence to basic American Principles, as well as producing a signed oath of allegiance to our Government. Let's put the subversionists on the spot instead of the Patriots. Make them subject to perjury and treason. Let's STOP the idiocy of holding the privilege (not the right) of franchise and the emoluments of AMERICANISM so lightly. In the early days, there were restrictions on franchise. There should be today — since our country is filled with aliens, spies and treasonists. There is no reason whatever for permitting them to vote or to have any say at all in the very Government which they are engaged in trying to destroy or subvert to a different form. These people should not be permitted to elect their own kind of officials.

11. Wealthy Foundations and individuals who pander to subversive One World schemes, isms, and organizations, must be exposed and denounced for "what they are," and punished accordingly. Why should they be permitted to finance the destruction of this Republic? They have perpetrated untold harm against their own government.

12. All Administration officials, Senators, Judges, Justices on the Supreme Court, et al, who in any way endorse or sponsor the UN, NATO, or any other One World subversive goals or false government as a substitute for AMERICAN CONSTITUTIONAL GOVERNMENT, should be impeached and punished as being false to their sworn oath of allegiance. Why go after the little fry, the Fifth Amendment Communists, when our top officials daily betray their own Country and oaths of allegiance? It is their primary job — and that is what they are elected for — to define Americanism so that all can understand it: to set an example in rigidly adhering to the letter, spirit and intent of the AMERICAN CONSTITUTION. Otherwise, our people and our Country are without chart or compass, and wallow in an uncharted sea mined with explosives.

13. The CONSTITUTION itself should be amended to carry stiff penalty, to be effective in peacetime as well as wartime, for those men who hide behind it (officials or otherwise) only to betray the Ideals and principals upon which this Republic was founded. I disagree that anybody living in this Country has the Constitutional right to destroy the Constitution — and thereby our Country — by advocating and promoting any political philosophy or cult or ism which would ultimately and logically result in its destruction, or the abrogation of American Sovereignty. Self-preservation is the first law of Nature, and the Supreme Court (in the days when Americanism was first in flower) has ruled that the Constitution may not be used as a shield by those seeking to destroy it. The minute somebody really goes after the subversives, a great hue and cry is raised about Constitutional guarantees; but any other time, it is trampled upon with impunity. It does NOT guarantee to protect traitors. Russia and now China get their way because they are tough and determined. We continually lose out because we are weak and vacillating; we do not have an iron WILL to "preserve, protect and defend our Constitution" AND our Country.

We shall have to have an awakened, aroused, militant, informed citizenship to COMPEL the inauguration of such an AMERICANISM Program, plus a few more men of the stature, knowledge, courage, and patriotism of a McCarthy. Conditions are so EVIL right within our own Country, that it is folly for us to go abroad with Diogenes' lantern seeking Evil. Both our people and our officials will have to cast the mote out of their own eyes; they will have to rend the Veil of Illusion behind which they love to hide; they have GOT to face the facts as they are, and then go to work to CLEAN UP our own Country. If they will not voluntarily do this job, then EVENTS are going to COMPEL them to do so. It

is time to quit looking for the crook or criminal under foreign beds; and look for him right under our own beds here at home where the real culprits are, who cause most of our troubles. You can't drop those expensive H-bombs on our enemies, really — because they are in Washington!

Americans must regain their national pride, and say proudly: "I AM A CONSTITUTIONAL AMERICAN NATIONALIST!"

WHO PROMOTED PERESS?

McCarthy found an army man
And proved he was a Red
Whom the Pentagon never fired
But upped his rank instead.
So when the people heard about the deal
They thought it smelled a bit
And they asked a simple question
Of the Pentagon — to-wit:
"Who promoted Peress?"

Well, they didn't get the answer
But were asked to take the blame
For insulting Army big shots
By simply asking a name.
And as the weeks went by the Army
Planned a television show
That would help the people to forget
Just what they want to know:
"Who promoted Peress?"

We've been told of Army shoe shines
And of dinners at the Stork,
Of fights and flights and taxi trips
While the big brass saw New York.
Now there're meetings at top level
And directives crisp and stern
To make sure we will never know
The thing we want to learn:

BILLIONS, BLUNDERS AND BALONEY

by Eugene W. Castle

Do you know that since 1948 your government has spent over forty billion dollars to help "save" other countries?

Do you know that since 1948 we have spent over half a billion dollars for propaganda alone in Europe, Asia and Latin America?

And that for all our spending we are making more enemies than friends? That "Yankee Go Home" signs are multiplying on walls and fences from Paris to Tokyo?

Here at last is the whole shocking truth about the continued give-away of American resources. It is the INSIDE STORY of the BILLIONS of dollars that every tax-paying American is putting up in the belief that these billions win friends abroad. This book tells of the little-known operations of such costly and highly publicized agencies as Harold Stassen's Foreign Operations Administration and the U. S. Information Agency.

The author, Eugene W. Castle, travelled 75,000 miles and interviewed hundreds of men and women in 23 countries to get his information. "It is an appalling story," says Mr. Castle, "most of which, I am sure, is unknown to the American people. I felt that the story should be told, so they might know what they are buying with their billions."
